WORK EXPERIENCE

Launchy, Argentina (Remote) — *Frontend Developer (Freelance)*

April 2022 - Jan 2023

Responsibilities

- Collaborate with other programmers to maintain and improve the company website
- Participate in the process of creating or updating companies websites
- Development through tools like WordPress

Key accomplishments

- I created a website for ITGALL, a network that connects different care centers that work in different parts of Spain, mainly Galicia.
- I collaborated to create the website of Launchy. It allowed the company to show its cases of success.
- I created a website for Community Electricity, a climate tech "startup" that transforms neighborhoods into electricity communities.
